BIENVENIDO C. ILANO Corporate Secretary

The COVID-19 pandemic made 2020 the most challenging year for SEDMFI. Lockdowns and health protocols imposed to control transmission of the virus that restricted mobility of people and merchandise adversely affected business including livelihood activities of micro-entrepreneurs who are clients and beneficiaries of our Micro-Entrepreneurs Development Program (MEDP).

Since the vaccines needed to attain herd immunity were not available in 2020, lockdowns and health protocols became the new normal.

Caraga Region's -7.2% Gross Domestic Product (GDRP) growth rate in 2020, from +5.4% in 2019, shows the depth of the economic crisis in the region.

Some adjustments made in response to the new normal were as follows:

- Postponed expansion of MEDP to Region X and the establishment of a mutual benefit association
- Added health assistance to our projects
- Cost reduction

In spite of the pandemic, implementation of Microentrepreneurs Development Program (MEDP) and Sustainable and Resilient Communities Program (SuReCom) was continued to support our served communities during the crisis. The Children's Library and Activity (SCLA) Center was temporarily closed due to suspension of face to face classes. School children were made to stay at home for their online or modular classes.

In behalf of the Board of trustees, I would like to express our gratitude to all our partners in government and private sectors for their support to SEDMFI in the past thirty five (35) years.

LEONEL A. SANTOS President

MICRO-ENTREPRENEURS DEVELOPMENT PROGRAM (MEDP) HIGHLIGHTS

The foundation is now thirty five (35) years in service to the community; three (3) and a half decades of continuing commitment and effort in providing financial products and services primarily to increase the family income in the rural communities of Caraga region.

For thirty five (35) years, the foundation has successfully served the under-resourced communities of the region particularly in providing quick access to viable financial products and services. It has reached out to 811 barangays in 64 municipalities and 5 cities and, established 12 branches/field offices across the region.

Upholding its commitment to poverty reduction, the MEDP aimed to expand this year to Region 10. However, due to the onset of the COVID-19 Pandemic and strict protocols set by the Government, the foundation postponed the said expansion plan.

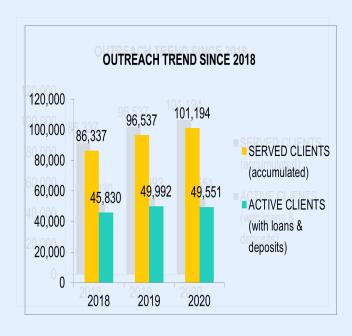

The foundation tried its best to sustain the operation of MEDP primarily in fostering more outreach and continuous delivery of financial products and services in the community to clients in need amidst the risks due to the Pandemic.

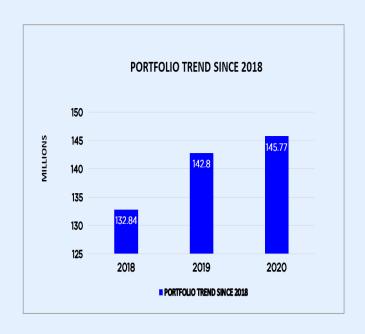

4.82 PERCENT INCREASE IN OUTREACH

As of December 2020, a total of **4,657 new clients** were accredited and engaged in the program; a 4.82% increase compared to year 2019.

While the increase in outreach is lower than in the past two (2) years, the foundation appreciates the efforts of the MEDP personnel considering the difficulty of the situation.

At year end, MEDP recorded a total outreach of 101,194 clients of which 49,551 are active and being served with various financial products and services of the program. However, some clients were seriously affected by the Pandemic forcing them to withdraw from the program.

MICRO-ENTREPRENEURS DEVELOPMENT PROGRAM (MEDP) HIGHLIGHTS

As a result, MEDP Active Clients decreased by 0.88% or a total of 441 clients, lesser compared to 2019.

GROWTH IN LOAN PORTFOLIO AND CLIENTS' CBU/BCD/PANGARAP SAVINGS

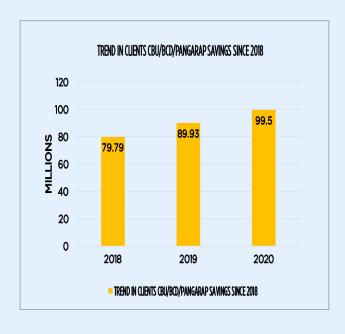

The program's Loan Portfolio increased by 2% compared to year 2019. As of December 2020, MEDP's loan portfolio have reached ₱145,773,424.31; an increase of ₱2,973,424.31.

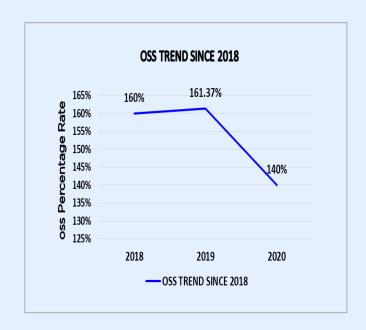

The growth in loan portfolio is minimal compared to last two (2) years performance of the program. It was seriously affected by the series of community lockdowns and collection moratoriums issued by the Government in combating the COVID-19 pandemic. Thus, delivery of financial products and services in the community were hampered.

However, Clients' CBU/BCD and Pangarap Savings generation increased by 10.63% from year 2019. The foundation succeeded in campaigning to its clients the benefits and value of CBU/BCD/Savings. As of December 2020, a total of \$\mathbb{P}\$99,496,736.12 clients' CBU/BCD/ and Pangarap Savings was generated; an increase of \$\mathbb{P}\$9,562,736.12.

Considering the growth in outreach, loan portfolio and CBU/Savings, the foundation somehow was able to manage the operation of MEDP amidst the COVID19 pandemic. Although, MEDP's 140% Operational Self Sufficiency (OSS) ratio is lower this year, it still shows that the financial capacity of the foundation is sufficient to carry out its programs and services to the community as well as for other operational needs of the foundation.

Thanks to all the staff who creatively found ways and courageously took the risks in reaching out to clients during the pandemic in order to continually be of service to the community.

MEDP CLIENTS POVERTY PROBABILITY INDEX (PPI)

The foundation initiated this year the poverty probability index survey among its clients. This was conducted to measure the poverty likelihood of MEDP members per branch. The survey was made from January – December 2020 with a total of 3,354 client-respondents from all branches.

This PPI survey gives information on the kind of sector we are serving in terms of economic status. The survey results can be useful in formulating activities and/or services to address the needs of our partners.

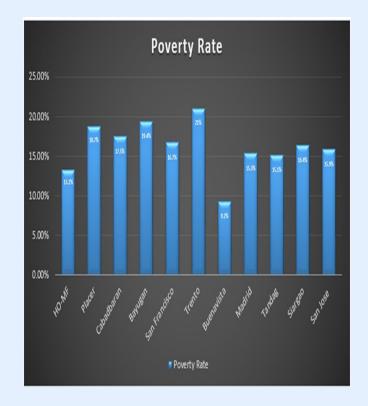

The charts present the poverty rates of each branch. This poverty rate is the measure of MEDP clients who are likely to be poor.

Also, it represents the incidence of poverty among clients per branch. The higher the poverty rate, the more likely to be poor.

Moreover, Trento Branch has the highest poverty rate. Meaning, 21% of their clients are living in survival level and/or below. And the Buenavista branch got the lowest poverty rate, approximately 9.2% of its clientele are likely to be poor.

The poverty rates have no direct correlation to clients' performance in attending weekly obligations.

SUSTAINABLE AND RESILIENT COMMUNITIES (SURECOM) PROGRAM HIGHLIGHTS

For Thirty Five years, the foundation has been faithful to its commitment for Social, Economic and Environment Development. Our program for Sustainable and Resilient Communities (SuReCom) has continually implemented various projects and community-based initiatives primarily in the communities we served and, established several partnerships and networks among various stakeholders.

Similar to MEDP, the operation of SuReCom program this year was also disrupted by series of community lockdowns and strict health protocols for the COVID-19 pandemic.

Most of the activities implemented were focused on advocacy and networking, providing support/assistance to CSOs and partner LGUs and, community outreach services. Series of capacity building activities for the MEDP staff were also conducted even before the onset of the pandemic.

YEAR THREE (3) IMPLEMENTATION OF THE ADOPT A WATERSHED PROJECT IN MALIMONO, SURIGAO DEL MORTE

The project in the watershed has successfully initiated series of tree planting activities in the watershed area since it was launched in February 2018. However, because of the pandemic, only the Bantay Lasang Volunteers did all the planting activities in the said watershed area.

As of December 2020, a total of 15 hectares of the Can-agtiw Watershed area were already planted and covered with 6,000 Endemic Trees; already 60% of the total target area which is 25 hectares.

SUSTAINABLE AND RESILIENT COMMUNITIES (SureCom) PROGRAM HIGHLIGHTS

The Endemic Trees Nursery in Barangay Binocaran, Malimono, Surigao del Norte

The project also provided some logistics and financial support to the Bantay Lasang Volunteers such as complete sets of uniform and a subsidy of \$\mathbb{P}\$23,400.00 for the honoraria of the three (3) said volunteers.

Furthermore, the LGU of Malimono have started preparatory activities for the watershed area legitimization process. A field-based investigation in the IP community in Brgy. Binocaran, Malimono, Surigao del Norte was conducted for the issuance of Certification of Pre-condition as pre-requisite for the Watershed Biological Profiling.

ENDEMIC TREES NURSERY OPERATION AND MAINTENANCE

For seven (7) years since it was established in 2014, the nursery has financially helped the IP communities of Binocaran, Malimono, Surigao del Norte. It provided them income from the daily operation and maintenance of the nursery.

For this year, a total of \$15,000.00 was earned by the families of the said IP Community in the propagation of the endemic tree wildlings and a total of \$26,000.00 honorarium earned by the IP Nursery Caretaker.

The nursery was instrumental in the many tree planting initiatives of the foundation primarily in the Adopt a Watershed Project in Malimono, Surigao del Norte. It had already supplied a total of 6,000 endemic tree wildlings to the various tree planting activities of the project. It has also supplied endemic tree wildlings to the Surigao Rotary Club tree planting activity in Pili, Malimono, Surigao del Norte on November 27, 2020.

As of December 2020, the nursery produced a total of 2,400 endemic tree wildlings.

CRAFTING OF LGU SAN FRANCISCO MUNICIPAL DISASTER RISK REDUCTION MANAGEMENT PLAN (MDRRMP)

The program has successfully facilitated the crafting of the LGU San Francisco Municipal Disaster Risk Reduction Management Plan (MDRRMP) after a series of workshops and community assessments conducted in 2019 through the project: Enhancing Capacities of the Local Communities on Disasters Risk Reduction Management and Climate Change Adaptation.

The Five (5)-year plan was approved by the Sangguniang Panlungsod on September 10, 2020 thru a Resolution No. 10, series of 2020.

LIVELIHOOD SUPPORT TO CSOs/POs

We strengthened our support to our partner CSOs/POs this year. We provided them technical and financial support for the development of their livelihood projects and organizations as well.

Among the beneficiary POs are the SAFA, SC-FGVA and SAFFAC.

• THE SALVACION FISHERFOLKS ASSOCIATION (SAFA) OF BARANGAY SALVACION, PILAR, SURIGAO DEL NORTE

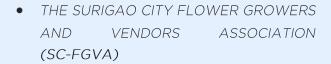

The Association was granted additional capital of **P**60,000.00 for their Mud Crab Culture Livelihood Project with no interest but service charge of 3% only and payable within one (1) year.

They were also given a refresher course in Mudcrab Culture on February 13, 2020 in Barangay Salvacion, Pilar, Surigao del Norte with Tony Perral of the Provincial Agriculture Office as resource person. A total of 30 SAFA members participated.

THE SAN FRANCISCO FARMERS AGRICULTURE COOPERATIVE (SAFFAC)

The cooperative is our new partner PO this year. It is based in San Francisco (Anao-aon), Surigao del Norte and already seven (7) years in existence providing services such as rice milling, palay trading and micro-lending.

SAFFAC was provided with a viable and accessible business location at the former AIFAMUCO area in San Francisco, Surigao del Norte which is a lot owned by the Foundation. The lease contract between the cooperative and the foundation was signed on December 21, 2020 at the Municipal Building of San Francisco, Surigao del Norte.

The organization, composed of women, was capacitated in grafting and bonsai making through Knowledge Sharing Session on July 16, 2020 in Sitio Looc, Brgy. Luna, Surigao City. A total of eleven (11) members of the organization participated and were provided with basic technology and tools.

SC-FGVA is thankful to the foundation for the continuing support extended to their organization. The training has given them the skills and opportunity to improve their economic enterprises.

Benjie Rey J. Josol, Cluster B Credit Officer, actively participating the Orientations on Good Governance, Gender & Development, Disaster Risk Reduction and Climate Change Adaptation on January 17 & 18,2020 at Amaris Function Hall, Butuan City.

Cluster C Satellite Heads, Field Supervisors, Credit Officers and Account Collectors actively participating the Orientations on Good Governance, Gender & Development, Disaster Risk Reduction and Climate Change Adaptation February 20-21, 2020 at Annex Hotel Tavern, Surigao City.

Capacity Building for MEDP Staff

Orientations on Good Governance, Meeting Management, Gender and Development (GAD) and Disaster Risks Reduction and Climate Change Adaptation (DRR-CCA) were conducted in January and February 2020. A total of 87 MEDP Satellite Heads, Field Supervisors, Credit Officers and Account Collectors actively participated.

The activities are part of the continuing capacity building initiatives of SuRecom aimed to capacitate the MEDP staff on the following areas:

- Components and principles of Good Governance
- Taking and keeping minutes of meetings
- Roles and responsibilities of gender and sex as individuals in society.
- Basic knowledge on Anti-Violence Against Women and their Children (RA9262)
- Basic concepts on Disaster Risk Reduction and Climate Change Adaptation and its thematic areas
- Different agencies to coordinate during emergencies
- Legal basis of disaster management systems

The orientations were conducted by cluster through, workshops and plenary sessions. The participants were very grateful for the learnings gained from the activity.

PARTNERSHIP AND NETWORKING WITH CSOs, LGUS AND LINE AGENCIES

We strengthened our partnership and networking initiatives with our partner CSOs, LGUs and Line Agencies, primarily our involvement in the Hinatuan Passage Development Alliance (HIPADA) and Surigao City Civil Society Organizations Network (CSONET) Inc.

For Eight (8) years of partnership with HIPADA, we continually provided technical and financial support for the operation of the alliance. Among these are:

- Coordinated and documented the 37th HIPADA Council Meeting on June 25 and HIPADA Technical Advisory Group Regular Meeting on July 30, 2020 at Simtoco Building, Surigao City
- Bridge-financed the HIPADA project (HIPADA-Integrated Risk Management-Livelihood) and other activities amounting to ₱447,249.78 Note: HIPADA is an alliance of seven (7) coastal municipalities and one (1) city in Surigao

Similar to HIPADA, we also extended financial and technical assistance to the CSONET primarily in their advocacy for CSO participation in the local budget process. Among these support includes the following:

- Facilitated the CSONET Special Meeting on September 11, 2020 @ FPOP Office, Surigao City
- Assisted the CSONET's follow-up visits in Barangays Washington, San Isidro, and Serna, Surigao City on September 21, 23 and 25, 2020 respectively, advocating the participation of the People's Organizations in the annual budgeting of the barangay
- Facilitated the CSONET's participation in the budget hearing of Barangay Washington in November 26, 2020 at the Barangay Session Hall

We have also collaborated with several LGUs and NGOs from other provinces and regions that support our development initiatives.

Our thirty five (35) years of active collaboration with different stakeholders in the community had helped the foundation leverage our advocacies and initiatives for social and environment development.

COMMUNITY OUTREACH SERVICES

BRIGADA ESKWELA in various schools across CARAGA Region

This year's brigada eskwela provided hygiene products and school supplies for the production of modules since face to face classes were suspended due to the pandemic. A total of ₱275,104 school materials such as 1,151 reams bond papers and 21 galloons isopropyl alcohol were given to 107 selected schools in CARAGA Region.

We have also given the IP Community in Sitio Linao-Linao, Brgy. Simbalan of Buenavista, Agusan del Norte their needed school supplies worth #19,500.00.

RELIEF ASSISTANCE

The foundation provided relief assistance to the following groups of individuals affected by calamities and pandemic:

- FINANCIAL ASSISTANCE AMOUNTING TO ₱6,691,032.00 TO 193 EMPLOYEES of the foundation affected by COVID-19 Pandemic
- RELIEF GOODS AMOUNTING TO ₱2,783,314.00 TO 18,373 MICRO-ENTREPRENEURS AND PARTNERS affected by several community lockdowns due to pandemic

RELIEF ASSISTANCE AMOUNTING TO ₱350,000.00 TO THE SURVIVORS OF TYPHOON ROLLY
 AND ULYSSES in Camarines Sur and Naga City.

SURIGAO CHILDREN'S LIBRARY AND ACTIVITY (SCLA) CENTER

SCLA Center was very much affected by the COVID-19 pandemic. All activities including children's regular visit to the library were suspended due to prohibition of face to face classes in all private and public schools. Grade school pupils and high school students were required to stay at home for their online or modular classes.

Luckily, SCLA received book donations from an organization and individuals. KAYA Organization donated 276 pieces of children's books on August 17, 2020, during a turn-over ceremony participated by some key personalities from the foundation and KAYA Organization.

The family of Engineer Leonel A. Santos also donated 69 pieces of books to the library on August 30, 2020. All books received were beneficial and fit to children's learning needs.

SCLA also initiated series of Book Recordings of all the books in the library; old and new. This was made possible through the assistance of the STI College Surigao librarian. As of December 2020 almost all of the books were properly recorded.

As the foundation expanded its reach to all the 5 provinces of Caraga Region, its workforce commensurately increased.

As of December 2020, the foundation has a total of 188 regular staff (115 males and 73 females), 2 project-based and 1 probationary staff.

The staff were engaged in several capacity building activities even with the onset of the pandemic. Several webinars/and virtual trainings were introduced to encourage them to be more productive and effective with each one's assigned tasks and to value the importance of each co-worker in the realization of the foundation's mission.
